The Saint Elizabeth Foundation is a national registered charity, working to strengthen community health care in conjunction with SE Health. When Saint Elizabeth was founded in 1918, we were a group of visiting nurses caring for our communities. To honour our heritage, the Saint Elizabeth Foundation has committed to providing end-of-life care for those most in need throughout Canada with a special focus on homeless, isolated, vulnerably housed and Indigenous individuals. We believe in Spreading Hope and Happiness to all Canadians.
