LUM!NA
MEMORY CARE *by* V!VA

Sparking Moments That Matter™

Personalized memory care with compassion.

For Community Members experiencing cognitive change, LUM!NA Memory Care at V!VA Leaside offers a compassionate, person-centred approach that supports comfort, dignity, safety, and meaningful connection every day.

LUM!NA Memory Care includes:

- Assistance with Daily Living Activities
- Medication Administration, monitoring and ordering
- Daily personalized care
- Assitance with bathing twice weekly
- Daily suite tidy and weekly personal laundry
- Transfer assistance to include up to 2 person transfer
- Encouragement and support to participate in engaging and meaningful daily experiences
- Compassionate dining support that promotes comfort, independence, and enjoyment at mealtimes
- Ongoing communication and support for families throughout the memory care journey
- **Dedicated Director of Memory Care:** V!VA's Memory Care program is uniquely supported by an active LUM!NA Director of Memory Care, bringing specialized dementia-care expertise and compassionate leadership to every aspect of the experience. Dedicated to the ongoing quality and enhancement of care, the Director supports families, strengthens the care team through education and resources, and ensures each Community Member experiences safe, dignified, purposeful and person-centred living.

Designed for comfort, connection and purpose.

- Specially trained dementia care Team Members
- Purpose-built spaces that support comfort, safety, and familiarity
- Engaging daily programs that encourage connection, creativity, and well-being
- Warm dining experiences and meaningful routines
- Family support and guidance
